Most jobs don't have the challenges and stressors that you face on every shift. Taking the time to regularly decompress is vital for you to be at your best both at work and at home.

SupportLinc can help

As part of your employment benefits, the SupportLinc employee assistance program (EAP) provides consultation with licensed experienced clinicians as well as expert referrals. It is a confidential resource for you and your immediate family members.

SupportLinc can help you manage life's challenges and the demands that come with balancing home and work. SupportLinc provides confidential, professional referrals and up to five complimentary sessions of face-to-face counseling for a wide variety of concerns, such as:

- ▶ Stress
- ▶ Anxiety
- ▶ Depression
- ▶ Work-related pressures and burnout
- ▶ Marriage and relationship problems
- ▶ Grief and loss
- ▶ Substance abuse

Plus, take advantage of expert referrals and consultation to assist with legal, financial and family matters.

You can talk with a counselor face-to-face or use the eConnect® Mobile App to schedule video, phone, text or web chat sessions- all with licensed and experienced clinicians. In addition, you can access resources like complimentary toolkits, tip sheets and other materials when convenient for you.
