#### **Internship Program Tables**

# Date Program Tables are updated: 6/16/2023 Internship Program Admissions

The overarching goal of the Doctoral Training Program at Linden Oaks is to provide the opportunity to develop competence in the application of psychological knowledge and practice to clinical problems in a complex medical setting. As our internships take place in inpatient, partial hospitalization, and intensive outpatient levels of care, many patients require short-term crisis management and have acute presentations. The internship would be a good fit for those who are interested in careers in hospital management or program service delivery. As such, Linden Oaks is looking for interns who can work in a fast-paced environment and be flexible to quick, last-minute changes in their daily schedules and activities.

## Does the Program require that applicants have received a minimum number of hours of the following at the time of application?

Total Direct Contact Intervention Hours No

Total Direct Contact Assessment Hours No

While we do not require a minimum number of hours for applicants, ideal candidates would complete 500 hours of assessment or 10 full psychological batteries, and 500 hours of direct contact intervention hours.

#### Describe any other minimum criteria used to screen applicants:

The program requires that candidates have passed their qualifying exams prior to beginning internship and be in good standing in their academic program. We would prefer candidates pass their dissertation proposal defense prior to beginning internship.

#### Financial and Other Benefit Support for Upcoming Training Year\*

Annual Stipend/Salary for Full-Time Interns \$31,200

(Interns are considered non-exempt employees and are paid \$15.00 per hour. The stipend is based on successful completion of the training program which is equal to 2,000 hours. Actual pay will be based on hours worked.)

Allitual Superiu/Salary for Hall-Hille Hillerins N/A	Annual Stipend/Sala	ary for Half-Time Interns	N/A
--	---------------------	---------------------------	-----

Program provides access to medical insurance for intern?	
Trainee contribution required?	Yes
Coverage of family member(s) available?	Yes
Coverage of legally married partner?	Yes
Coverage of domestic partner available?	Yes

Hours of Annual Paid Personal Time Off 224 hours\*(this is in addition to hourly wage)

(In order for internship to be successfully completed, the intern is required to work 2,000 hours, which may take longer than 52 weeks if more than 10 days of PTO (including holidays) are utilized. If all PTO time is not utilized by the end of the year, intern will receive a payment equal to unused PTO.)

Hours of Annual Sick Leave 0-included in PTO

In the event of medical conditions and/or family needs that require extended leave, does the program allow reasonable unpaid leave to intern/residents in excess of personal time off and sick leave? Medical/Personal leave is assessed on a case-by-case basis if more than 224 hours of leave is required.

<sup>\*</sup>Note: Programs are not required by the Commission of Accreditation to provide all benefits listed in this table.

### **Initial Post-Internship Employment Information**

Academic Training Years:		2016-2022
Total # of Interns in last three cohorts:		28
Total # of Interns who did not seek emp	oloyment because	
They returned to their doctoral program	n/are completing their degree:	0
Area of Employment	<u>PD</u>	<u>EP</u>
