ER, Immediate Care, Walk-In Clinic or Doctor’s Office?

Knowing where to seek treatment could save you time, money and even your life. This information will help you decide which option is best for your particular health situation. Remember, there is always a care provider that you can speak with, even when your physician’s office is closed.

Call or see your doctor
Preventive Care, Illness Treatment

Services include:
• Annual physicals and preventive care
• New or existing health conditions
• Lingering aches, pains or other symptoms
• Cold, flu, infections and other illnesses
• Medication management

It’s always best to see your primary care physician first, when possible. Your physician also provides recommendations and guidance based on your personal health goals.

Edward-Elmhurst Health has more than 1,700 physicians in its network. Visit EEHealth.org to view contact information for your physician.

Go to a Walk-In Clinic
Quick Care for Minor Issues
(12 months and older)

Symptoms include:
• Cold, flu, sore throat, cough, mild asthma, insect bites
• Minor injuries or cuts
• Skin conditions
• Immunizations, school/sports physicals, health screenings and vaccinations.

Fast care for minor illnesses and injuries, cold and flu symptoms, school and work physicals, and vaccinations.

Care provided by: Physician assistants and nurse practitioners.

Go to Immediate Care
Advanced Care, Same-Day
(All ages)

Symptoms include:
• Minor breaks, sprains or fractures
• Fever, vomiting and dehydration
• Minor injuries and cuts needing stitches, asthma, allergic reactions, headaches, animal and insect bites
• Sports physicals, ages 17 and under*

Our team will care for your unexpected urgent medical needs that require advanced care; just walk-in.

Care provided by: Physicians, physician assistants, nurse practitioners and nurses.

*Should not replace your child’s annual wellness exam with his or her physician.

Go to the ER or call 911
Serious, Life-threatening Injuries and Illnesses
(All ages)

Symptoms include:
• Chest pain, difficulty breathing
• Head injuries, abdominal pain
• Unusual headache, numbness/weakness/numbness, loss of vision
• Uncontrolled or heavy bleeding or bone fracture/dislocation

We offer 24/7 board-certified trauma care and full hospital technology at three locations.

Care provided by: Physicians and nurses.
